Jadeveon Clowney and get a franchise left tackle in Laremy Tunsil in the biggest moves amid a flurry of trades on Saturday. The Texans traded disgruntled defensive end Jadeveon Clowney to the Seahawks according to two people with knowledge of the deal and got Tunsil and receiver Kenny Stills from the Dolphins for a package which includes two first-round picks and one second-rounder www.panthersfootballauthentic.com/christ...ler-jersey-authentic

, a person familiar with the deal told The Associated Press. Houston also picked up running back Carlos Hyde in a trade with the Chiefs and got cornerback Keion Crossen in a deal with the Patriots. Houston got a rather modest return for Clowney, the first overall pick in 2014 and a three-time Pro Bowler. But the deal gives the Texans a resolution on his future after he'd kept them in limbo by holding out all of training camp unhappy that he didn't get a long-term deal and was assigned a franchise tag. In return for Clowney, the Texans will reportedly receive defensive end Barkevious Mingo, linebacker Jacob Martin and a third-round pick next season. Mingo was the sixth overall pick in the 2013 draft, but has never been the game-changer than Clowney had developed into in the past three seasons after finally getting healthy. But Mingo, who moved from outside linebacker to defensive end this offseason, could get a boost from joining a defense starring three-time Defensive Player of the Year J.J. Watt. Martin is beginning his second season after appearing in each game last season and finishing with three sacks. While the Texans lost one of their top defenders by trading Clowney, they vastly upgraded their offense with the three players they added on that side of the ball. Tunsil is the most important part of their offensive haul, filling a dire need to upgrade an offensive line that allowed Deshaun Watson to be sacked an NFL-leading 62 times last season. The team had been criticized for failing to make any major moves this offseason to better protect their franchise quarterback. They signed veteran left tackle Matt Kalil, but there were questions about whether he would do much to improve the line after struggling with injuries for years. In their brief history

, the Texans have been plagued with problems on the offensive line starting with their first-ever No. 1 pick David Carr, who failed to live up to expectations in part because of the constant beating he took behind shoddy protection. While Watson started every game in his second year last season, he played hurt for a good chunk of the schedule while dealing with a partially collapsed lung and broken ribs from taking hit after hit. The Texans hope that Tunsil will help ensure that Watson takes far fewer blows this year. The young and talented Tunsil has already proven to be one of the top left tackles in the league in his short career and has started 44 games in three NFL seasons. Tunsil, who was the 13th overall pick in the 2016 draft, joins a line that features center Nick Martin, a second-round pick in 2016, rookie first-round pick Tytus Howard at left guard. Houston also got a boost at receiver with the addition of Stills, who joins a solid group led by DeAndre Hopkins, and also has Will Fuller and Keke Coutee, who have both missed significant time with injuries. Stills

, who has been outspoken on social issues, spent his first two seasons in New Orleans before playing for the Dolphins for the past four seasons. Stills has been extremely durable in the past three seasons, starting all but one game. He had 37 receptions for 553 yards and six touchdowns last season after finishing with 847 yards receiving and six scores in 2017. A fifth-round pick in 2013, Stills has 4,138 yards receiving and 32 touchdowns in his career. The addition of Hyde comes after Houston lost starting running back Lamar Miller for the season to a knee injury he sustained in the team's second preseason game. Hyde spent his first four seasons with San Francisco before splitting time between Cleveland and Jacksonville last season where he ran for 571 yards. A second-round pick in 2014, Hyde was very productive for the 49ers and ran for a career-high 988 yards and six touchdowns in 2016 and added 938 yards rushing and 350 yards receiving in 2017. He's likely to get plenty of playing time in Houston with the Texans lacking much proven depth behind Duke Johnson, who was thrust into the starting role after the injury to Miller, the team's featured back for the past three seasons. Johnson was acquired from the

Browns in a trade earlier in this month after Houston cut D'Onta Foreman. PHILADELPHIA (AP) — The Philadelphia Eagles have acquired running back Jordan Howard from the Chicago Bears for a conditional sixth-round pick in next year's NFL draft. Howard bolsters an Eagles backfield that includes Josh Adams, who led the team in rushing with 511 yards last season, Wendell Smallwood and Corey Clement. The draft pick could become a fifth-rounder based on conditions of the trade that was completed Thursday night. The 24-year-old Howard ran for 935 yards last year

, his lowest total in three NFL seasons. But he also tied a career high with nine touchdown runs. A fifth-round draft pick out of Indiana in 2016, Howard has 13 100-yard rushing games in his career, tied for the third-most in the NFL in that span. He made the Pro Bowl in his first season when he set a Bears rookie record with 1,313 yards rushing. Howard has rushed for 3,370 yards and 24 touchdowns in his career, and has 72 catches for 568 yards and a TD.
